PREFACE

Herbert W. Taffs, M.V.O., M.B.E., was born on Christmas Day 1870 and died on 24th July 1955 in his 85th year.

Mr. Taffs was a prominent member of the British Numismatic Society for a great many years and was, in fact, a founder member in 1903, having previously joined the Royal Numismatic Society in 1896. He served on the Council of the British Numismatic Society in 1910, 1911, 1916 and from 1920 to 1926. He was Secretary, jointly from 1927 to 1929, and alone from 1930 to 1938, when he was elected President and served as such until 1945. In 1950 he was elected an honorary member and he attended the Society meetings regularly until very shortly before his death.

For more than 40 years Mr. Taffs attended the annual Royal Maundy Ceremony in an official capacity. Although not a contributor to the British Numismatic Journal, he was a very willing and keen exhibitor of coins and medals at the Society's meetings and through his wide experience in handling coins he acquired a considerable knowledge of both coins and medals covering many series. His own Collection, which is now being sold, covered the English and Colonial series as well as those of the United States of America, and he was especially interested in token coins. During the late war he devoted much time to sorting the very considerable quantity of coins sent by the public to the Red Cross for sale.

The coins being sold include a number of rarities of which special mention should be made of several valuable Anglo-Saxon and Norman pennies, the Australian gold ingot struck at Adelaide, the U.S.A. series generally, and the comprehensive collection of tokens.

PRICED CATALOGUES

Coins

AFTER each sale these catalogues are issued with the prices realised printed in the margin opposite each lot, thus giving at a glance a reliable guide to values.

The final test of value must always be auction prices rather than the figures given in books of reference for changing times and fashions soon render the latter obsolete and misleading.

On the average we issue twelve Coin and Medal catalogues a year, some of which are usually of sales of important collections The **priced catalogues** are posted to subscribers as soon as ready, usually about a week after the date of sale and the subscription is . . . .
